c. UN Women Terms of Reference

1. Introduction

a. Background

The armed conflict in Northern Ethiopia which started on 4 October 2020 has significantly increased humanitarian and protection needs. According to WFP, 89 percent of the population (5.4 million people) in Tigray region are food insecure and almost half are suffering from a severe lack of food.¹ Basic services have been destroyed and communication and banking services have been severely restricted.

Men, boys, women, and girls are differently affected by crises and have different needs, vulnerabilities, capacities and coping mechanisms. Women and girls, however, are disproportionately affected by crises due to compounded factors including the breakdown of key services which are critical to their health, protection, and recovery; weakened formal and informal protection mechanisms; disrupted livelihoods and limited access to resources; increased displacement; and power imbalances; while pre-existing inequalities, discrimination, and risks are by far exacerbated.

Before the conflict, the livelihood of most of Tigray's population were repeatedly exposed to multiple shocks, such as drought, desert locust and COVID-19. Following the conflict, the humanitarian crisis characterized by alarmingly high levels of food insecurity, widespread displacement, limited access to services and the destruction of local economy and livelihoods severely affected women and girls. It is estimated that 90% of the crop harvest was lost (looted, burned and/or destroyed), while 17 million livestock were reported looted or slaughtered². Given that the majority of Tigrayans (80%) rely on agriculture as their main source of food and livelihood and subsistence agriculture using draft power, the loss in key livelihood assets like livestock particularly affected widowed women heads of households and exposed them to high cost of farming and carriage.

While analysis on the needs of women and girls in crisis has improved, funding towards tailored and targeted activities to address those needs remains inadequate, leaving humanitarian and protection risks unaddressed. Findings from the joint investigation by OHCHR and the EHRC documented systematic, dehumanizing sexual violence by all parties to the Northern Ethiopia conflict on civilians, disproportionately targeted at women and girls, including older women and women with disability³. At the same time, it was identified that there is no systematic response or survivor-centered care for most survivors of this conflict-related sexual violence (CRSV)/ gender-based violence (GBV), underscoring the risk of further traumatization, long term health complications, exponentially increased multiple facets of vulnerabilities and delayed recovery. Thus, there is an urgent need to provide survivor-centered services for women and girls who experienced CRSV/GBV in relation to the Northern Ethiopia conflict. In addition, the need to enhance humanitarian actors' capacity for rapid protection response and the limited access of humanitarian actors to many areas have been recognized as severe gaps in protection work.⁴

The signing of a cessation of hostilities deal between the Government of Ethiopia and the Tigray People's Liberation Front (TPLF) on 2 November 2022 marks a critical first step towards ending the two-year conflict. In light of this development and considering that humanitarian access to Tigray has been limited throughout the duration of the conflict, there is an urgent need to scale up humanitarian and protection assistance to all those affected, with a specific focus on women and girls in all their diversities. A recent mission by humanitarian partners in Tigray noted critical needs for food, shelter, health, medicine, and core relief items among IDPs living in sites. Protection response priorities include awareness raising on GBV, assistance to pregnant and lactating mothers including adolescent mothers forced to early marriages or who

gave birth to children born out of sexual violence, support to persons with disabilities, mental health and psycho-social support (MHPSS), dignity kits for women and girls, support to unaccompanied and separated children and advocacy with authorities on free movement of IDPs⁵. Those young adolescent mothers have lost any hope of any promising future because they have dropped out of school, are subject to stigma and discrimination in their families and do not have any basis to regain their livelihood. There is a strong assumption that many more needs of affected women and girls could be unveiled if a comprehensive gender needs assessment is conducted for proper gender sensitive targeting of the required support.

b. Context for required services/results

The humanitarian situation in Tigray and neighboring Woredas has deteriorated since the onset of the conflict in November 2020, and approximately 5.2 million people are currently⁶ in need of humanitarian and protection services in the region. The signing of a peace deal between the Ethiopian Government and the Tigray People's Liberation Front (TPLF) on 2 November 2022 marks a critical first step towards ending the two-year conflict. In light of this development and considering that no humanitarian aid has reached Tigray since 24 August 2022, there is an urgent need to scale up humanitarian assistance to all those affected by the conflict, including women and girls.⁷

Unprecedented sexual and gender-based violence is reported especially against women and girls. Rapid response, supported by gendered data, is needed urgently by all humanitarian actors to respond to the needs of vulnerable populations. Additionally, local institutions are severely affected, and they must be supported to ensure they can continue to provide survivor-center services and referral pathways can exists amid the disruption of services and lack of humanitarian actors in the region. The livelihood base of local populations especially women and girls, the majority of whom have become heads of households because of the fatal impact of the conflict, have been destroyed and local populations do not have anywhere to start any sort of resilience nor recovery.

As outlined in the newly developed UN Women's Humanitarian Strategy 2022 - 2025, where the first approach focuses on integrating gender in humanitarian planning cycles and responses, UN Women plans to lead on data and evidence generation through a comprehensive inter-agency gender assessment in accessible areas of Tigray as well as conflict affected areas of Amhara and Afar regions. By assessing and analysing the needs, preferences, capacities, and changed gender roles as a result of the conflict for women, men, girls, and boys considering their intersectional differences, UN Women can advocate whilst actively engaging for stronger gender equality programming across the humanitarian response. The gender analysis would also inform appropriate scale-up of UN Women programming in the region.

In line with the Women's Leadership, Empowerment, Access, and Protection (LEAP) framework, UN Women, through its partners in the region, will also support the GBV in emergencies response alongside other partners through provision of comprehensive survivor centered -services, strengthening referral pathways, awareness raising and capacity building, as well as focus on protection and livelihood opportunities for conflict-affected women and girls, including survivors of CRSV/GBV. UN Women ECO will also replicate the good practices from UN Women's Second Chance Education (SCE) and vocational learning programme for young women who have missed out of education opportunities due to conflict, early marriages, teenage pregnancies especially linked to CRSV. Through the SCE approach the project offers women and girls opportunities to undertake vocational education, receive entrepreneurship, digital, and professional trainings. Based on the lessons being drawn from the joint project with ILO project on care economy, the project also promotes and support investments in accessible, affordable, and quality social infrastructure and essential services to reduce and redistribute women's unpaid care and domestic work which tend to drastically increase during and after the conflict along with running the tested male and community engagement approach towards enhanced shared responsibilities and roles.

11.1.1. Only proponents meeting the mandatory criteria will advance to the technical evaluation in which a maximum possible 70 points may be determined. Technical evaluators who are members of an Evaluation Committee appointed by UN Women will carry out the technical evaluation applying the evaluation criteria and point ratings as listed below. In order to advance beyond Phase I of the detailed evaluation process to Phase II (financial evaluation) a proposal must have achieved a minimum cumulative technical score of 50 points.

Suggested table for evaluating technical proposal

1	The proposal is compliant with the CFP requirements	15 points
2	The organization's mandate is relevant to the work to be undertaken in the UN Women Terms of Reference	20 points
3	The proposal demonstrates a sound understanding of the requirements of the UN Women Terms of Reference and indicates that the organization has the prerequisite capacity to undertake the work successfully	35 points
	TOTAL	70 points

11.2. PHASE II - FINANCIAL PROPOSAL (30 points)

Financial proposals will be evaluated following completion of the technical evaluation. The proponent with the lowest evaluated cost will be awarded 30 points. Other financial proposals will receive pro-rated points based on the relationship of the proponents' prices to that of the lowest evaluated cost.

Formula for computing points: $\text{Points} = (A/B) \text{ Financial Points}$

Example: Proponent A's price is the lowest at \$10.00. Proponent A receives 30 points.

Proponent B's price is \$20.00. Proponent B receives $(\$10.00/\$20.00) \times 30 \text{ points} = 15 \text{ points}$.

12 Preparation of Proposals

- 12.1 Proponents are expected to examine all terms and instructions included in the CFP documents. Failure to provide all requested information will be at the proponent's own risk and may result in rejection of the proponent's proposal.
- 12.2 The proponent's proposal must be organized to follow the format of this CFP. Each proponent must respond to every stated request or requirement and indicate that the proponent understands and confirms acceptance of UN Women's stated requirements. The proponent should identify any substantive assumption made in preparing its proposal. The deferral of a response to a question or issue to the contract negotiation stage is not acceptable. Any item not specifically addressed in the proponent's proposal will be deemed as accepted by the proponent. The terms "proponent" and "contractor" refer to those organizations that submit a proposal pursuant to this CFP.
- 12.3 Where the proponent is presented with a requirement or asked to use a specific approach, the proponent must not only state its acceptance, but also describe, where appropriate, how it intends to comply. The proponent's Technical Proposal shall indicate clearly if the proponent is intending to use sub-contractors or sub-partners and their names. If it is not possible to include the names of sub-partners and sub-contractors in the proposal, the names must be submitted to UN Women as soon as possible.

12.7 The proponent's proposal shall state the following and include all of the following labelled annexes:

Component 1: Organizational Background and Capacity to implement activities to achieve planned results (max 1.5 pages)

This section should provide an overview (with relevant annexes) that clearly demonstrate that the proponent has the capacity and commitment to implement the proposed activities and produce results successfully. Key elements to be covered in this section include:

1. the nature of the proponent – whether it is a community-based organization, national or sub-national NGO, research or training institution, etc.;
2. the overall mission, purpose, and core programmes/services of the organization;
3. the organization's target population groups (women, indigenous peoples, youth, etc.);
4. the organizational approach (philosophy) - how the organization delivers its projects (e.g., gender-sensitive, rights-based, etc.);
5. the organization's length of existence and relevant experience;
6. an overview of the organization's capacity relevant to the proposed engagement with UN Women (e.g., technical, governance and management, and financial and administrative management);
7. details of the following relating to prevention of SEA:
 - a. describe what measures are in place to prevent SEA;
 - b. describe reporting and monitoring mechanisms and procedures;
 - c. describe what capacity exists to investigate SEA allegations;
 - d. describe past allegations of SEA, if any, and how they were handled, including the outcome;
 - e. describe what SEA training the people (employees or otherwise) who will perform the services have completed; and
 - f. describe what reference and background checks have been done for employees and associated personnel.
8. details relating to grant-making work, if applicable:
 - a. describe the proponent's institutional capacity to manage grants, including appropriate grant award management, system/framework for undertaking grant proposal evaluation, due diligence and, appropriate governance and risk management (including composition and terms of reference of the independent designated steering committee or grant selection committee);
 - b. describe relevant history in managing resources through grant awards;
 - c. describe the proponent's grant portfolio;
 - d. describe relevant history in working with small organizations including experience in providing technical assistance;
 - e. describe the proponent's programmatic capacity, including monitoring and evaluation capacity; and
 - f. describe the proponent's capacity to assess and manage risks.

Component 2: Expected Results and Indicators (max 1.5 pages)

This section should articulate the proponent's understanding of the UN Women Terms of Reference (TOR). It should contain a clear and specific statement of what the proposal will accomplish in relation to the UN Women Terms of Reference. This should include:

1. The **problem statement** or challenges to be addressed given the context described in the UN Women Terms of Reference.
2. The specific **results** expected (e.g., outputs) through engagement of the proponent. The expected results are the measurable changes which will have occurred by the end of the planned intervention. Propose specific and measurable indicators which will form the basis for monitoring and evaluation. These indicators will be refined, and will form an important part of the agreement between the proponent and UN Women.

Component 3: Description of the Technical Approach and Activities (max 2.5 pages)

This section should describe the technical approach and should be able to show the soundness and adequacy of the proposed approach, what will actually be done to produce the expected results in terms of activities. There should be a clear and direct linkage between the activities and the results at least at the output level. Specific strategies should also be described to support the achievement of results, such as building partnerships, etc.

Activity descriptions should be as specific as necessary, identifying **what** will be done, **who** will do it, **when** it will be done (beginning, duration, completion), and **where** it will be done. In describing the activities, an indication should be made regarding the organizations and individuals involved in or benefiting from the activity.

This narrative is to be complemented by a tabular presentation that will serve as Implementation Plan, as described in Component 4.

This section should also include the details of all proposed sub-contracting and sub-partnering.

Component 4: Implementation Plan (max 1.5 pages)

This section is presented in tabular form and can be attached as an annex. It should indicate the **sequence of all major activities and timeframe (duration)**. Provide as much detail as necessary. The Implementation Plan should show a logical flow of activities. Please include all required milestone reports and monitoring reviews in the Implementation Plan.

Name of proponent organization:

1.4													

Monitoring and Evaluation Plan (max. 1 page)

This section should contain an explanation of the plan for monitoring and evaluating the activities, both during its implementation (formative) and at completion (summative). Key elements to be included are:

- how the performance of the activities will be tracked in terms of achievement of the steps and milestones set forth in the Implementation Plan;
- how any mid-course correction and adjustment of the design and plans will be facilitated on the basis of feedback received; and
- how the participation of community members in the monitoring and evaluation processes will be achieved.

Component 5: Risks to Successful Implementation (1 page)

Identify and list any major risk factors that could result in the activities not producing the expected results. These should include both internal factors (for example, the technology involved fails to work as projected) and external factors (for example, significant currency fluctuations resulting into changes in the economics of the activity, risk of sub-contractors or sub-partners not performing). Describe how such risks are to be mitigated.

In this section also include the key **assumptions** on which the activity plan is based on. In this case, the assumptions are mostly related to external factors (for example, the assumption that the relevant government's environmental policy will remain stable) which are anticipated in planning the activity, and on which the feasibility of the activities depend.

Please attach a risk register to capture the above risk factors and risk mitigation measures.

Component 6: Results-Based Budget (max. 1.5 pages)

The development and management of a realistic budget is an important part of developing and implementing successful activities. Careful attention to issues of financial management and integrity will enhance the effectiveness and impact of activities. The following important principles should be kept in mind in preparing a project budget:

- Include costs which relate to efficiently carrying out the activities and producing the results which are set forth in the proposal. Other associated costs should be funded from other sources.
- The budget should be realistic. Find out what planned activities will actually cost, and do not assume that they would cost less.
- The budget should include all costs associated with managing and administering the activity or results, particularly the cost of monitoring and evaluation.
- The budget could include “support costs”, being those indirect costs that are incurred to operate the Responsible Party as a whole or a segment thereof and that cannot be easily connected or traced to implementation of the work, i.e., operating expenses, over-head costs and general costs connected to the normal functioning of an organization/business (such as cost for support staff, office space and equipment that are not direct costs).
- “Support cost rate” means the flat rate at which the Responsible Party will be reimbursed by UN Women for its support costs, as set forth in the Partner Project Document and not exceeding a rate of 8% or the rate set forth in the Donor Specific Conditions, if that is lower. The flat rate is calculated on the eligible direct costs.
- The budget line items are general categories intended to assist in thinking through where money will be spent. If a planned expenditure does not appear to fit in any of the standard line-item categories, list the item under other costs, and state what the money is to be used for.
- The figures contained in the budget sheet should agree with those on the proposal header and text.
- Depending on the results to be delivered, following suggestive thresholds could be followed for costs:
 - maximum for personnel related costs on a proposal - 20% of programming costs;
 - between 3-5% for audits (to be retained by UN Women for Responsible Party audits) (may change as per the annual audit cost);
 - 3% for monitoring and evaluation; and
 - up to 8% (or as per relevant donor agreement) – support costs including (utilities, rent etc.).

Template Partner Agreement

PARTNER AGREEMENT

This Partner Agreement (the “Agreement”) is between the United Nations Entity for Gender Equality and the Empowerment of Women, a subsidiary organ of the United Nations, established by the General Assembly of the United Nations, with Headquarters at 220 East 42nd Street New York, NY 10017 (“UN Women”) and [Full name and address of partner and legal registration number], (the “Partner”).

UN Women and the Partner hereinafter collectively referred to as the Parties and individually also as a Party.

UN Women has been entrusted by its donors with certain resources that can be allocated for the implementation of its programmes and UN Women is accountable to its donors and its Executive Board for the proper management of these resources.

UN Women is willing to make resources available to engage the Partner to contribute to the implementation of UN Women’s programmes by performing the Work and achieving the Results.

The Parties therefore agree as follows:

ARTICLE I DEFINITIONS

In this Agreement:

“**Direct Costs**” mean costs that can easily be connected and traced to the implementation of the Work. For example, if an employee or consultant is hired to work on the implementation of the Work, either exclusively or for an assigned number of hours, their labor on the implementation of the Work is a direct cost.

“**Donor Specific Conditions**” mean the conditions requested by a donor when making a contribution for the Work to UN Women, which are required to be imposed on the Partner, and accepted by UN Women.

“**FACE Form**” means the Funding Authorization and Certificate of Expenditure Form attached to this Agreement. The FACE Form is used for (i) requests for cash advances, direct payments or reimbursements and (ii) financial reporting by the Partner.

“**Fraud**” is any act or omission whereby an individual or entity knowingly misrepresents or conceals a material fact (i) in order to obtain an undue benefit or advantage for himself, herself, itself, or a third party, and/or (ii) in such a way as to cause an individual or entity to act, or fail to act, to his, her or its detriment.

“**Grant-Making Work**” means such work and activities relating to the management of grants outsourced to the Partner as described in the Partner Project Document. Grant-Making Work may be one component of a broader project, or the sole purpose of the project. Grant-Making Work may also include project design, project management and grant administration, monitoring and evaluation.

“**Partner Authorized Official**” means the person or persons appointed by the Partner to be its focal point for this Agreement with the authority to and ability to respond to all questions from UN Women and authorized to sign the FACE Forms and Progress Report Forms and other funding authorization forms. In addition, the Partner Authorized Official is authorized to sign the written statement set forth in Article V, section 5 (c).

“**Partner Project Document**” means the document describing in detail the Work, the Parties’ responsibilities, the expected Results including the work plan, the budget and the installment schedule. The Partner Project Document is the basis for requesting, committing and disbursing funds to carry out the Work and for monitoring and reporting.

“**Progress Report Form**” means UN Women’s standard form for progress reports attached to this Agreement.

“**Property**” means equipment, supplies, non-expendable materials and other property either provided by UN Women to the Partner for the purposes of this Agreement or purchased by the Partner with the funding provided by UN Women under this Agreement.

“**Results**” mean the outcomes and outputs described in the Partner Project Document.

“Sexual Abuse” has the same meaning as set forth in ST/SGB/2003/13, in which it is defined as follows: “the actual or threatened physical intrusion of a sexual nature, whether by force or unequal or coercive condition.”

“Sexual Exploitation” has the same meaning as set forth in the “Special measures for protection from sexual exploitation and sexual abuse” (“ST/SGB/2003/13”), in which it is defined as follows: “any actual or attempted abuse of a position of vulnerability, differential power, or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from sexual exploitation of another.”

“Support Costs” mean those indirect costs that are incurred to operate the Partner as a whole or a segment thereof and that cannot be easily connected or traced to implementation of the Work, i.e., operating expenses, overhead costs and general costs connected to the normal functioning of an organization/business, such as cost for support staff, office space and equipment that are not Direct Costs.

“Support Cost Rate” means the flat rate at which the Partner will be reimbursed by UN Women for its Support Costs, as set forth in the Partner Project Document and not exceeding a rate of 8% or the rate set forth in the Donor Specific Conditions, if that is lower. The flat rate is calculated on the eligible Direct Costs.

“Work” means the activities, work and services to be performed by the Partner as set forth in this Agreement including Grant-Making Work.

ARTICLE II AGREEMENT DOCUMENTS

1. This Agreement consists of the following documents: (a) This agreement document;
- (b) [ST/SGB/2003/13 "Special measures for protection from sexual exploitation and sexual abuse"](#) (Annex 1);

All parts of the Agreement are intended to be complementary and what is set forth in any one document is as binding as if set forth in each document. In the event of any conflict, discrepancy, error or omission among any parts of the Agreement, either Party shall immediately notify the other Party. The Parties shall in good faith consult and decide how to remedy such conflict, discrepancy, error or omission including if necessary, making the required amendment to this Agreement.

1. UN Women shall provide the Partner with funds for the Work, subject to the availability of funds and the terms of this Agreement. UN Women's funding to the Partner shall not exceed the total amount of [fill currency and total amount] as set forth in the Partner Project Document. UN Women shall provide such funding to the Partner utilizing, at its discretion, any of the following three fund transfer modalities:

- (a) Cash advance by UN Women to the Partner;
- (b) Reimbursement by UN Women to the Partner; and,
- (c) Direct payment by UN Women on the Partner's behalf to the Partner's vendor or supplier.

2. The fund transfers shall be made in installments as set forth in the Partner Project Document or more frequently if the criteria set forth in this Agreement have been satisfied. If the fund transfer request is made more frequently than every three months, all Work relevant for those months has been completed and all corresponding funds expended.
- (h) There shall be no other grounds for believing the expenditure is in contravention of this Agreement, including the Partner Project Document.

Specific procedures for each fund transfer modality

4. Requests for cash advances:

- (a) The Partner may submit funding requests for cash advances, using the FACE Form, every three months during the term of the Agreement except as set forth in sections (b) and (c) below.
- (b) The Partner may submit the first funding request for a cash advance as soon as both Parties have signed this Agreement.

(c) The Partner may submit requests more frequently than every three months in accordance with section 3 above.

5. Requests for direct payment transfers:

(a) The Partner may submit to UN Women a written request for direct payment to the Partner's vendor or supplier.

6. Requests for reimbursements:

(a) Any expenditure by the Partner from its own resources in respect of which the Partner intends to request a reimbursement under this Agreement, shall be subject to prior funding authorization by UN Women. To obtain funding authorization of the Partner's expenditures that will be subject to reimbursement, the Partner shall submit to UN Women a funding authorization request for reimbursement in a form and format as decided by UN Women. This funding authorization request may not exceed the relevant amount set forth in the Partner Project Document and shall be duly signed by a Partner Authorized Officer. If the funding authorization request for reimbursement is in proper form and complete and all the requirements in this Agreement are met, UN Women will determine the amount to be authorized for funding and will authorize that amount by written reply to the Partner.

(b) Subject to prior authorization under section 6 (a) above, the Partner may submit to UN Women a written request for a reimbursement further to section 3 above. The request for reimbursement shall be submitted in connection with satisfactory financial and proper progress reporting (see Article VIII).

Other provisions relevant for fund transfers

7. Revision of budget by Partner:

The Partner may, without UN Women's approval but with prior written notice to UN Women, revise the budget by re-allocating funds either within an activity or between activities identified by account codes on the FACE Form, as long as the re-allocation is not (i) exceeding twenty percent (20%) of the total budgeted amount; (ii) negatively impacting the Results; or, (iii) increasing the total budgeted amount. Any other revisions of the budget require an amendment to this Agreement.

8. Payment of fund transfers by UN Women:

(a) If each request for fund transfer is received in a timely fashion and is in proper form and complete and all the requirements in this Agreement have been met, UN Women will determine the amount to be transferred and will transfer that amount to the Partner, or if the direct payment modality is used, on behalf of the Partner, within reasonable time.

(b) UN Women may decide to adjust the amount of any fund transfer where it has reason to do so, including:

iii. To take into consideration any expenditure that is ineligible in accordance with this Agreement;

iv. To take into consideration interest or income earned by the Partner from a previous fund transfer; and,

v. To withhold up to 10% of the total budgeted amount for the Work for risk management purposes.

(c) UN Women is only required to transfer to or (where the direct payment modality is used) on behalf of the Partner, the amount UN Women determines is due under the terms of this Agreement. UN Women shall not be liable to the Partner or any third party, including the Partner's vendor or supplier, for any amounts that UN Women determines are not owing under this Agreement.

(d) The fund transfers other than direct payments shall be made by UN Women to the following bank account:

Bank name: [] Bank address: [] Account title: [] Account No.: []

Bank contact person: []

ARTICLE VI ADMINISTRATION OF FUNDS AND PROPERTY

Administration of funds

1. The Partner shall administer the funds and carry out the Work under its own financial regulations, rules and procedures to the extent that they are determined to be appropriate by UN Women. Where UN Women determines that the Partner's financial regulations, rules, policies and procedures are not appropriate, UN Women shall give written notice the Partner. In such cases, UN Women may decide, *inter alia*, to implement the Work or any parts thereof, including procurement activities, directly or transfer the implementation thereof to another partner.

2. Where the Partner buys goods or services from the funds, the Partner shall do so giving due consideration to the following principles:

(a) Best value for money;

(b) Fairness, integrity and transparency; and, (c) Competition.

Administration of Property

3. UN Women shall remain the owner of the Property.

4. UN Women may during the term of this Agreement decide that Property shall be reassigned towards the implementation of another UN Women programme or project, which may be implemented by the Partner or by another partner. In the latter case, the Partner shall, upon written instructions by UN Women, transfer the Property to the other partner, as directed. Article IX sets forth the obligations when the Work is completed, or the Agreement ends.

5. The Partner shall be responsible for the care, security, maintenance and physical inventory of the Property.

6. The Partner, unless self-insured, shall maintain insurance for the Property. Upon request, the Partner shall produce documentary evidence of such insurance including self- insurance.

7. The Partner shall place UN Women markings on the Property in consultation with UN Women.

8. In cases of damage, theft or other losses of the Property, the Partner shall provide UN Women with a comprehensive report, including a police report, where appropriate, and any other evidence giving full details of the events leading to the loss of the Property.

9. UN Women shall assist the Partner in clearing the Property through customs at places of entry into the country where the Work is taking place.

10. Detailed inventories shall be taken of the Property by the Partner at the end of every year, or if the Agreement is for less than a calendar year, at the end of the Agreement.

ARTICLE VII RECORD KEEPING/ACCOUNTING SYSTEM

1. The Partner shall establish and maintain, for a period of seven (7) years after this Agreement ends the books and records set forth in this Article in a reasonable accounting system that enables UN Women to readily identify how the funds received under this Agreement have been used, including detailed inventories of the Property, expenditures, costs of goods and services, supporting documentation, all fund transfers received by the Partner and any unspent funds.
2. The Partner's books and records shall clearly show which transactions recorded in its accounting system represent the expenditures reported for each line on the FACE Form.
3. The books and records shall in addition to what is referred to under section 1 of this Article, include, but not be limited to, accounting records, written policies and procedures; sub-contractor or sub-partner files (including proposals of successful and unsuccessful bidders, bid recaps, etc.); all paid vouchers including those for out-of-pocket expenses; other reimbursement supported by invoices; purchase orders; suppliers' invoices; contracts (including employment contracts); delivery notes; leases; airline tickets; gasoline coupons; ledgers; cancelled checks; deposit slips; bank statements; journals; original estimates; estimating work sheets; contract amendments and change order files; backcharge logs; insurance documents; payroll documents; timesheets; memoranda; correspondence and HR records for personnel hired to assist with the Work; and any other relevant supporting documentation.
4. The Partner acknowledges and agrees that a written statement by the Partner that money has been spent is insufficient and cannot replace the original documentation to support expenditures.
5. If any necessary and supporting documentation or detailed inventory of Property is not properly maintained and available for review, or was lost or prematurely destroyed, UN Women may stop any further payment under the Agreement and demand refund of such amounts as set forth in Article 14.1 f of the General Terms and Conditions for Partner Agreements.
6. The Partner acknowledges and agrees that UN Women has the right to conduct audits, site/field visits, spot checks and investigations in accordance with Article 14 of the General Terms and Conditions for Partner Agreements.

ARTICLE VIII REPORTING REQUIREMENTS

Financial reporting

1. The Partner shall submit to UN Women the reports detailed below signed by the Partner Authorized Official. Such reports shall be in English. When UN Women has reviewed the reports, UN Women will determine to what extent it will approve the expenditure and further process fund transfers. UN Women's approval of the expenditure at this stage of the process does not preclude UN Women from claiming a refund of the same amount if it is later shown, including by an audit, site/field visit, spot check or investigation, that the initially approved expenditure was not in accordance with this Agreement or relates to misuse of funds including fraud or other wrongdoing.
2. All financial reporting to UN Women shall be performed by the Partner in the currency in which the fund transfer was made.
3. The Partner shall, using the FACE Form, submit financial reports no later than 20 calendar days after the end of every three-month period starting three months after UN Women disbursed the first fund transfer, or every time the Partner is requesting fund transfers, if the requests are made more frequently than every three-month period.

The FACE Form:

(a) Shall include only eligible expenditures in the form of Direct Costs that are identifiable and verifiable. Direct Costs are identifiable when the expenditures are recorded in the Partner's accounting system and the accounting system shows which transactions represent the Direct Costs reported for each line on the FACE Form. The Direct Cost is verifiable when the expenditures can be confirmed by supporting documentation as set forth in Article VII;

(b) Shall include only expenditures that have been paid by the Partner. The financial report has been designed to reflect transactions on a cash basis. For this reason, unliquidated obligations or commitments should not be reported to UN Women, i.e., the reports should be prepared on a "cash basis", not on an accrual basis, and thus will include only expenses paid by the Partner and not commitments. Any cash disbursement to sub-partners, sub-contractors or vendors can be reported as expenses in the financial report only after the sub-contractor, sub-partner or vendor complete the activities for which these funds have

been transferred;

(c) Shall not include any expenditures that are ineligible for fund transfer, as stipulated in section 5 below;

(d) Shall include the balance of any unspent funds remaining from any previous fund transfers;

(e) Shall include any refunds or adjustments received by the Partner against any previous fund transfers;

(f) Shall include interest earned on any unspent balance remaining from any previous fund transfers;

(g) Shall include any income earned when performing the Work; and, (h) Shall include the Support Costs.

4. The Partner shall submit an Excel sheet listing all documents supporting the liquidation of expenditure in the FACE Form and at a minimum specifying the name of the vendor or supplier, the date and a description of the goods or service and provide any original supporting documentation to UN Women immediately upon written request by UN Women.

5. The following are non-exhaustive examples of ineligible expenditures and, therefore, shall not be included in the FACE Form and UN Women shall be entitled to reject any such ineligible expenditure:

(a) Expenditures not made for the Work, or not necessary for the Partner to perform the Work as set forth in this Agreement;

(b) Expenditures for value-added tax unless the Partner can demonstrate to the satisfaction of UN Women that it is unable to recover the value-added tax;

(c) Expenditures paid or reimbursed to the Partner by another donor or entity;

(d) Expenditures in relation to which the Partner has received an in-kind contribution from another donor or entity;

(e) Any expenditure for indirect costs in excess of the Support Cost Rate;

(f) Expenditures that are not verifiable by supporting documentation as provided in Article VII of this Agreement;

(g) Salaries for Partner's employees, if the Partner is not a government, exceeding the rates payable by UN Women for comparable functions performed by locally recruited staff members at the relevant duty station;

(h) Salaries for Partner's employees, if the Partner is a government, exceeding the established salary or pay scale rates of the Partner for comparable functions, and in no case exceeding the rates payable by UN Women for comparable functions performed by locally recruited staff members at the relevant duty station;

(i) Expenditures in respect of fees for individual consultants retained by the Partner exceeding the rates payable by UN Women for comparable services rendered by individual consultants;

(j) Expenditures for travel, daily subsistence and related allowances for the Partner's employees or consultants exceeding the rates payable by UN Women to its staff members or consultants, as applicable;

(k) Expenditures that have been incurred but have not actually been paid (see section 3 (b) above);

(l) Expenditures that merely represent financial transfers between administrative units or locations of the Partner;

(m) Expenditures that relate to obligations that were entered into before the commencement or after the end date of this Agreement; or,

(n) Debt and debt service charges. Progress Reporting

6. The Partner shall, using the Progress Report Form, submit narrative progress reports no later than 20 calendar days after the end of every three-month period starting three months after UN Women disbursed the first fund transfer, or every time the Partner is requesting fund transfers, if the requests are made more frequently than every three-month period.

7. The Partner shall always submit the progress report together with the financial report and such progress reports shall be filled out appropriately and duly signed by a Partner Authorized Official.

Inventory Reporting on Property

8. A detailed inventory report of the Property shall be submitted to UN Women within 30 calendar days after each calendar year, and at the end of the Agreement. If the Agreement is for less than one calendar year, the Partner shall submit the inventory report within 60 calendar days after the end of the Agreement.

ARTICLE IX COMPLETION OF THE WORK

1. The Partner shall, no later than 60 calendar days after the Work has been completed or the Agreement expired or is prematurely terminated, whichever happens first:
- (a) Submit to UN Women an inventory report of the Property. UN Women may decide that the Property shall be: (i) transferred for use by another partner; (ii) transferred back to UN Women; or (iii) donated to the Partner or a third party. The Partner shall deliver the Property at a reasonable time and place as instructed by UN Women in writing and shall fully cooperate with UN Women in good faith in the transfer and delivery;
- (b) Submit to UN Women a final financial report, using the FACE Form, including a request for reimbursement of any withheld amount; and,
- (c) Submit to UN Women a final progress report using the Progress Report Form.
2. UN Women shall when the Work has been completed or the Agreement expired or is prematurely terminated, whichever happens first, make a final liquidation of the funding provided under this Agreement. If UN Women's final liquidation shows that the Partner has received more funds than the Partner is entitled to in accordance with this Agreement, the Partner shall repay such balance within 30 calendar days of receiving a request for repayment. UN Women shall, when making such final liquidation of the funding, consider items, including any unspent funds, interest or income earned, ineligible expenditure or funds used for expenditure not supported by documentation.

ARTICLE X TERM OF AGREEMENT

This Agreement shall enter into force on the date it is signed by both Parties. It shall expire automatically on [fill in the date the Work shall be completed according to the timeline] unless terminated earlier in accordance with the terms of this Agreement.

IN WITNESS, WHEREOF, the undersigned, duly authorized by the respective Parties, have signed this Agreement.

Purpose

UN Women, as a potential victim of fraud, is exposed to various risks which may include: **financial risks**, which can be measured in monetary terms; **operational risks**, which cause deficiencies in the implementation and delivery of programmes; and **reputational risks**, which harm the prestige and respect of the Organization.

In respect of fraud risks, UN Women maps its three lines of defense as follows:

Implementation and management of fraud prevention and detection controls designed to manage potential risks that may expose the Entity to fraud. These activities are in accordance with several instruments developed by UN Women, namely its Internal Control Policy and the Delegation of Authority, which are incorporated into manual and automated systems and processes.

Quality assurance and risk management provide an oversight role and the support required to be able to assess the adequacy of governance structures that are in place to manage fraud and make recommendations on the implementation of mitigation actions that may be required to manage fraud related risks.

Internal and external audit carry out agreed upon regular audits, the scope of which includes the consideration of prevention and detective controls to manage fraud risk. The investigation function is responsible for receiving, analyzing, and investigating all information received on alleged cases of fraud, and making findings based on which action

is taken. The output of these assurance activities is then fed back into fraud prevention activities.

UN Women is committed to promoting and adhering to the highest standards of probity and accountability in the use of its resources. To effectively address fraud, UN Women strives to ensure that the three lines of defense respond efficiently and effectively to its operational and administrative environment, while taking advantage of lessons learned and best practices developed during the prevention, detection, and response to fraud.

The purpose of this anti-fraud policy (the “Policy”) is to outline UN Women’s current approach to the prevention, detection and response to incidents of fraud. This Policy compiles existing provisions set out in UN Women regulations, rules, policies and procedures including the UN-Women Policy for Addressing Non-Compliance with UN Standards of Conduct (the “Legal Policy”), the UN-Women Policy for Protection Against Retaliation, and the Delegation of Authority Policy (the “DoA Policy”). A full list of existing regulations, rules, policies and procedures can be found under Annex I. As such, the Policy is a cumulative statement of UN Women’s anti-fraud strategy and does not depart from UN Women’s current approach to confronting fraud.

Application

This Policy applies to any fraud involving UN Women staff members as well as any party, individual or corporate, having a direct or indirect contractual relationship with UN Women or that is funded, wholly or in part, with UN Women resources.

This Policy can apply to:

- c) **Personnel:** staff members of UN Women and persons engaged by UN Women under other contractual arrangements to perform services for UN Women.

Implementing Partners and Responsible Parties: entities engaged by UN Women to carry out programme or project activities including government entities, non-UN inter-governmental organizations, non-governmental organizations, and UN agencies.

Vendors: An offeror or a prospective, registered or actual supplier, contractor or provider of goods, services and/or works to the UN System.

Definitions

“Fraud”

The UN system wide common definition of fraud is "any act or omission whereby an individual or entity knowingly misrepresents or conceals a material fact (a) in order to obtain an undue benefit or advantage for himself, herself, itself, or a third party, and/or (b) in such a way as to cause an individual or entity to act, or fail to act, to his, her or its detriment" (High-Level Committee on Management (HLCM), 33rd Session, March 2017).

“Presumptive Fraud”

The UN system wide common definition of fraud is “allegations that have been deemed to warrant an investigation and, if substantiated, would establish the existence of fraud resulting in loss of resources to

the Organization” (High-Level Committee on Management (HLCM), 33rd Session, March 2017).

Roles and Responsibilities

All parties to whom this Policy applies are responsible for safeguarding the resources entrusted to UN Women and have critical roles and responsibilities in ensuring that fraud in relation to UN Women resources and activities is prevented, detected, reported and addressed promptly.

Director, Division of the Internal Evaluation and Audit Services (IEAS)

The Director, IEAS shall act as the corporate manager who is the custodian of this Policy and who is responsible for the implementation, monitoring, and periodic review of this Policy.

In carrying out this role, the Director, IEAS will among other things:

- Serve as the repository of knowledge on fraud risks and controls; and
- Manage the fraud risk assessment process and co-ordinate anti-fraud activities across the Organization.

Personnel

UN Women Financial Rule 203 states, “All personnel of UN-Women are responsible to the Under-Secretary-General/Executive Director for the regularity of actions taken by them during their official duties. Personnel who take any action contrary to these financial regulations and rules or to the instructions that may be issued in connection therewith may be held personally responsible and financially liable for the consequences of such action.”

Staff members

Staff members have a responsibility to report allegations of wrongdoing (allegations of wrongdoing is defined in the Legal Policy as a reasonable belief on factual information that misconduct has occurred. Misconduct is further defined in Section 5.1.3 of the Legal Policy and includes allegations fraud) to the Office of Internal Oversight Services of the United Nations (OIOS) entrusted with the responsibility of providing investigation services to UN Women or to their immediate supervisor or another appropriate supervisor within the operating unit. The supervisor to whom the report was made, shall report the matter to OIOS. If the staff member believes that there is a conflict of interest on the part of the person to whom the allegations of wrongdoing are to be reported, he or she will report the allegations to the next higher level of authority. In addition, as set out above, they are responsible for the regularity of actions taken by them during their official duties.

Failure to report allegations of misconduct, which includes fraud, represents misconduct itself. Staff members are, however, cautioned that using the investigation process in a malicious manner – or otherwise providing information known to be false or with reckless disregard for its accuracy – may constitute misconduct.

For further information on the responsibilities of staff members, please consult Section 5.1.3- Misconduct and Section 4.9 - Staff members of the Legal Policy and Staff Rule 1.2 (c) of the Staff Rules and Staff Regulations of the United Nations.

Non-staff personnel

Like the responsibilities of staff members, non-staff personnel must understand their role in managing fraud risks and how non-compliance with the Organization's existing policies and rules may create an opportunity for fraud to occur or go undetected. Non-staff personnel should adhere to the provisions of their contractual agreement entered with UN Women. Non-staff personnel are reminded that under no circumstances should they engage in, condone, or facilitate, or appear to condone or facilitate, any fraudulent and corrupt conduct during operations with UN Women. They should also report allegations of wrongdoing to the OIOS.

For further information on the responsibilities of non-staff personnel, please consult the terms of the respective contractual arrangement with UN Women, ST/SGB/2002/9, the UNDP Service Contract Guidelines (which governs UN Women Service Contractors) and the Special Service Agreement Policy.

Managers

Managing the risk of fraud is a crucial part of the Organization's good governance. While it is the responsibility of all personnel to assist in preventing, identifying, and combating fraud, managers are expected to put in place the appropriate controls to prevent and address fraud risks. Furthermore, managers should use sound judgement and act lawfully in compliance with applicable UN Women regulations, rules, policies, and procedures.

Managers have a responsibility to:

- Identify the types of risks to which activities within the area of responsibilities are exposed, including those relating to implementing partnership management and procurement and sub-contracting of goods and services;
- Assess the identified risks and risk mitigation options, and design and implement cost effective prevention and control measures, including to prevent the occurrence and recurrence of fraud and corruption;
- Escalate any risks where the relevant impact or likelihood is assessed to have markedly increased and can no longer be managed within his / her level
- To report any allegations of wrongdoing to OIOS as soon as they become aware of such allegations; and
- Raise awareness of this Policy, inform all those to whom this Policy applies, and reiterate the importance of reporting fraud and the mechanisms for doing so.

For further information on responsibilities of managers, please consult Section 5.1.3 and Section 4.8- Staff members with supervisory role ("managers") of the Legal Policy and Section 5.3- Exercise of Delegated authority of the DoA Policy.

Implementing partners and Responsible parties

As part of the capacity assessment process of potential partners, it must be assessed whether the organization has an effective policy and system in place to prevent, detect, report, address, and follow-up on fraud and irregularities. Potential partners should also be provided with a copy of this Policy to ensure that they are familiar with reporting obligations and mechanisms.

Implementing partners and Responsible parties are responsible and accountable to UN Women for the management of individual projects and programmes. Implementing partners and Responsible parties must maintain documentation and evidence that describes the proper use of programme resources in conformity with the relevant agreement.

While implementing a UN Women project or programme, implementing partners shall refrain from any conduct that would adversely reflect on UN Women and shall not engage in any activity that is incompatible with the aims and objectives of UN Women. As set out in the Project Cooperation Agreement (PCA), the implementing partner has an obligation to comply with any investigation conducted on behalf of UN Women.

For more information on the responsibilities of implementing partners, please conduct the Programme Formulation Policy, the Implementing Partners and Responsible Parties Due Diligence Procedure, the Sourcing NGO Partners Procedure, the Capacity Assessment of NGOs Procedure, and the terms and obligations of the respective contractual arrangement with UN Women.

Vendors

UN Women expects its vendors to adhere to the highest standards of moral and ethical conduct, to respect international and local laws and not engage in any form of corrupt practices, including extortion, fraud, or bribery, at a minimum.

As set out in the UN Women General Conditions of Contract, vendors have an obligation to comply with any investigation conducted on behalf of UN Women.

For more information on the responsibilities of vendors, please consult the terms and obligations of the respective contractual arrangement with UN Women, Section 21 of the UN Women General Conditions of Contract, and the United Nations Supplier Code of Conduct.

Office of Internal Oversight Services of the United Nations (OIOS)

OIOS has been entrusted with the responsibility of providing investigation services to UN Women as required. OIOS's Investigation Division will assess and, as needed, investigate allegations of fraud, corruption or other wrongdoing by UN Women personnel or by third parties to the detriment of UN Women. OIOS conducts fact-finding investigations in an ethical, professional and impartial manner, in accordance with the Legal Policy, the Uniform Guidelines for Investigations adopted by the Conference of International Investigators, and OIOS's Investigation Manual. OIOS will establish the facts that will allow UN Women's senior management to initiate disciplinary proceedings or other sanctions.

OIOS has established a dedicated reporting mechanism. For more information on reporting procedures, please refer to Section 5.3 of this document.

UN Ethics Office

The UN Ethics Office is responsible for receiving complaints from staff members of retaliation, maintaining confidential records of all complaints, and conducting a preliminary review of the complaint. The UN Ethics Office reviews such complaints under the UN–Women Policy for Protection against Retaliation. For more information on protection from retaliation, please refer to Section 5.4.2 of this document.

Policy

Preventing Fraud

Fraud prevention is a shared responsibility that cuts across functional and managerial and reporting lines and extends to UN Women partners. Successful preventive measures safeguard resources, support the integrity of the Organization, and protect its reputation.

Fraud awareness and training

All personnel, regardless of contract type, must complete the Ethics and Integrity at the United Nations course within 90 days of arrival at UN Women. Staff members must also complete the Legal Policy course within 90 days of their arrival at UN Women. In addition, UN Women provide regular in person training with OIOS on the Legal Policy with a focus on raising fraud awareness. These trainings cover fraud in the context of policies and procedures supporting operational transactions, particularly commercial and procurement transactions. They also highlight every staff member’s personal responsibility and financial liability under the Financial Regulations and Rules.

Internal control systems

Internal controls are a basic element of an effective accountability framework. UN Women’s internal control objectives are to provide assurance regarding the achievement of operation, financial, and compliance objectives. The UN Women Internal Control Policy (ICP) sets out a framework for operationalizing and assigning responsibility for internal controls, based on the principle of segregation of duties which is necessary to implement appropriate levels of checks and balances upon the activities of individuals. This minimizes the risk of error or fraud and helps detect these occurrences (See: UN-Women Internal Control Policy (“ICP”), Separation of Duties, section 5.10).

Fraud risk identification and management (as a part of Enterprise Risk Management [ERM])

The Enterprise Risk Management Framework and the Enterprise Risk Management Policy include mechanisms and measures to identify where the organization should focus its interests in fraud risk management activities by demonstrating the organization’s links to the highest internal and external residual fraud risks as outlined in a fraud risk profile.

UN Women’s existing business risk management practices includes the carrying out of fraud risk assessments that include the identification, measurement and reporting on the organization’s risk profile based on the key risks identified, the inherent likelihood and impact, the existing controls to manage these

risks, the residual fraud risks as well as any planned mitigation activities to manage these risks within the risk tolerance levels.

Programme management controls

When developing a new programme or project, it is important to ensure that fraud risks are fully considered in the programme/project design and processes. This is especially important for high risk programmes/projects, such as those that are complex or operate in high risk environments.

These programme/project risk logs shall be communicated to relevant stakeholders, including donors, implementing partners and responsible parties, together with an assessment of the extent to which risks can be mitigated.

Programme and Project Managers are responsible for ensuring that the risk of fraud is identified during the programme/project design phase. Managers shall consider how easily fraudulent acts might occur and be replicated in the day-to-day operations. They must also evaluate the impact of fraudulent activities, and the effectiveness of the measures taken to mitigate risks, including systemic monitoring actions. Informed decisions can then be made on additional mitigating actions.

Capacity assessments represent a key step in identifying potential partners. As set out above, potential partners must be assessed to determine whether they have an effective policy and system in place to prevent, detect, report, address, and follow-up on fraud and irregularities. Potential partners should also be provided with a copy of this Policy to ensure that they are familiar with reporting obligations and mechanisms.

For further information on programme management controls, please consult the Programme Implementation and Management Policy, the Programme Implementation and Management Procedure, the Knowledge management and learning during Implementation Guidance, including the Implementing Partners and Responsible Parties Due Diligence Procedure, the Sourcing NGO Partners Procedure and the Capacity Assessment of NGOs Procedure, and the Cash Advances and other Cash Transfers to Partners Policy, as well as the relevant agreement.

1.1.1 Procurement management controls

Personnel charged with procurement management responsibilities are required to assess all vendors with which business is conducted and ensure that funds are used for their intended purpose. UN Women has established procurement review committees to ensure compliance with due diligence and due process regulations against procurement fraud.

Furthermore, relevant staff members and other personnel with procurement functions must abide by the procurement management controls and procedures, including the Procurement and Contract Management Policy and the Separation of Duties section of the ICP.

For further information on programme management controls and procedures, please consult the Procurement and Contract Management Policy and the Separation of Duties section of the ICP.

Asset management controls

Personnel charged with asset management responsibilities shall act in accordance with existing business practices, which are designed to mitigate the risk of fraud and corruption during the asset management cycle. Existing business practices include:

- Purchasing all assets through a purchase order (PO) to ensure they are captured in the asset management module;
- Maintaining segregation of duties with respect to authorization, recording, custody, and disposal of assets; and
- Conducting bi-annual physical verifications.

For further information on asset management controls and procedures, please consult the Asset Management Policy and Vehicle Management Policy.

Financial management controls

Personnel charged with finance roles are required to perform different activities depending on their respective delegations of authority, which are designed to ensure segregation between budget owner, procurement, vendor approvers, and payment approvers. All finance personnel are assigned user profiles in Atlas ARGUS which also ensure segregation of duties.

Procurement, vendor approvals and payment approvals are all subjected to two levels of approvals: Level 1 (verification) and Level 2 (approvals).

The centralized Level 1 (verification) and Level 2 (approval) process within Finance HQ for all general ledger journal entries ensures that all requests are reviewed in terms of accuracy, correctness and validity with focus on the reason for the GLJE request. The verifier and/or approver must reject the GLJE request if none of the above tests are met.

Finance HQ performs monthly general ledger account reconciliations to highlight any exceptional transactions. All general ledger account reconciliations are reviewed and approved by Team Leads and the Chief of Accounts.

Detailed Month-end / Year-end closure instructions are sent to all offices, requiring adherence to timelines and certification of completed tasks by the Head of Office.

For further information on finance management controls and procedures, please consult the Petty Cash Policy, the Revenue Management Policy and the Finance Manual and Standard Operating Procedures (Extract for Field Office).

Human resource management controls

Hiring managers (for purposes of this Policy, a hiring manager shall be defined as an official whom the authority has been delegated to hire staff and non-staff personnel) shall conduct due diligence and exercise due care during any

recruitment process for staff and non-staff personnel, regardless of rank or length. For the recruitment of staff, reference checks and review of performance appraisals are required. For non-staff personnel, hiring managers shall ensure that reference checks are carried out, including from past supervisors. The UN Women Personal History Form contains targeted questions whereby applicants must indicate if they have ever been imposed disciplinary measures, including dismissal or separation from service, on the grounds of misconduct.

Detecting Fraud

Effective fraud prevention measures as outlined in Section 5.1 also enable the successful detection of fraud. Specifically, the internal controls UN Women has established in the areas of procurement, asset management, financial management, programme management of implementing partners, and human resources management, as well as fraud awareness training containing various components aimed at enabling UN Women to detect anomalies, or identify areas of high concern. UN Women's complaint mechanism, highlighted in Section 5.3 below, ensures that any persons who detect and identify such anomalies or concerns, may do so through a dedicated "anti-fraud hotline".

UN Women's Audit Unit, also provides UN Women with effective independent and objective internal oversight that is designed to improve the effectiveness and efficiency of UN Women's operations in achieving its development goals and objectives through the provision of internal audit and related advisory services. UN Women's internal audit function plays a key role in anti-fraud activities, including in management's role of preventing, detecting and responding to fraud. Internal audit is responsible for evaluating the design and operating effectiveness of anti-fraud controls and considering the appropriateness of mitigation strategies in place to prevent and detect fraud. The internal audit processes are used by UN Women management to identify and take decisions on improvements needed in UN Women's financial and risk practices.

Reporting Fraud

Any party with information regarding fraud or other corrupt practices is strongly encouraged to report the information to OIOS. OIOS has established a reporting mechanism also known as the "anti-fraud hotline" to ensure that persons wishing to report fraud, corruption or other wrongdoing may do so at any time, free of charge, and confidentially. The "anti-fraud hotline" can be directly accessed worldwide in different ways:

Confidentiality and Protection from Retaliation

Confidentiality

Confidentiality is required for effective investigation and other appropriate action in cases of alleged fraud. Confidentiality is in the interest of the Organization, investigation participants and the subject of the investigation (see OIOS Investigations Manual).

All investigations undertaken by OIOS are confidential and requests for confidentiality by investigation participants will be honored to the extent possible within the legitimate needs of the investigation.

Protection from Retaliation

The UN–Women Policy for Protection against Retaliation establishes a framework and procedure for the protection of staff members from retaliation. Staff members who believe that retaliatory action has been taken against them because they have reported allegations of wrongdoing, or have cooperated with a duly authorized audit or investigation, may forward all supporting information and documentation to the UN Ethics Office. This should be done promptly and in any event, no later than 60 calendar days after the alleged act or threat of retaliation has occurred. The complaint can be made in a variety of ways:

Phone: +1 917-367-9858

Email: ethicsoffice@un.org

If, in the opinion of the UN Ethics Office, there is a prima facie case of retaliation or threat of retaliation, the UN Ethics Office will refer the case to OIOS for investigation and will immediately notify the complainant in writing that a formal investigation has been initiated.

For further information on protection from retaliation, the UN Women Policy for Protection Against Retaliation, including Section 5.3-Reporting Retaliation to the UN Ethics Office. Full details are provided through the Ethics Office web-site on Protection against Retaliation.

Investigations

OIOS has discretionary authority to decide which matters to investigate. All reports received by OIOS will be assessed through an intake process. Where it is determined that the matter warrants an OIOS investigation it will be appropriately assigned.

The investigation is the process of planning and conducting appropriate lines of inquiry to obtain the evidence required to objectively determine the factual basis of allegations. This will include: (i) interviewing people with relevant information and recording their testimony; (ii) obtaining documents and other evidence; (iii) conducting financial and IT analysis; (iv) evaluating information and evidence; and (v) reporting and making recommendations. OIOS will conduct investigations in accordance with its Investigation Manual.

For further information on OIOS investigations procedures, please consult the OIOS Investigations Manual, the UN Women Legal Policy and the UN Women Accountability website.

Actions based on investigations

Upon completion of the internal reporting of an investigation process and upon receipt of information on the results of the investigation(s), UN Women will determine what further action shall be taken. For staff members, further action may include disciplinary, non-disciplinary, and/or administrative measures, in accordance with the Legal Policy. For other parties covered under this Policy, including non-staff personnel, implementing partners, and vendors, further action may be taken in accordance with the contractual arrangements between UN Women and the party, and may result in termination of the contract.

If there is evidence of improper use of funds as determined after an investigation, UN Women will use its best efforts, consistent with its regulations, rules, policies and procedures to recover any funds misused. This may include administrative action to recover funds from staff members, referral of the matter to the appropriate national authorities of the Member State in accordance with General Assembly resolution 62/63, or, in relation to implementing partners and vendors, acting in accordance with the terms of the relevant contract or agreement.

For further information on disciplinary, non-disciplinary, or administrative measures resulting from investigations, please consult Section 5.4-Disciplinary proceedings of the UN Women Legal Policy for staff members or the respective contractual agreement for non-staff personnel, implementing partners, and vendors.

Disclosing cases of fraud

Fraud and other cases of misconduct investigated by OIOS on behalf of UN Women will be reported to the Executive Board through its established reporting mechanisms, as follows:

Cases of fraud and presumptive fraud are publicly reported to UN Women's Executive Board by the United Nations Board of Auditors through the Report of the Board of Auditors (Section C. Disclosures by management, point 3. Cases of fraud and presumptive fraud). Note that the proposed definition of presumptive fraud is as follows: "Allegations that have been deemed to warrant an investigation and, if substantiated, would establish the existence of fraud resulting in loss of resources to the Organization".

An annual report on internal investigation activities is also provided annually to the Executive Board. As requested by the Executive Board in its decision UNW/2015/4, this report includes complaints received broken down by category including fraud, disposition of cases, and any financial loss as well as information on the actions taken and UN Women management's response to substantiated allegations of misconduct including fraud.

Pursuant to the UN-Women Legal Framework, "in the interests of transparency, the Executive Director shall inform the UN-Women Executive Board of disciplinary decisions taken in the course of the preceding year, and publish an annual report of cases of misconduct (without the individuals' names) that have resulted in the imposition of disciplinary measures."

Investigation activities and disciplinary decisions relating to allegations of sexual exploitation and abuse may require additional reporting as mandated by the Secretary General of the United Nations. The Director, Investigations Division, OIOS, may provide additional reports to the Executive Board, and may also provide in person briefings during the course of the year, as he or she deems appropriate, or in response to requests for such a briefing from the President of the Executive Board.

Information relating to allegations of fraud and other misconduct, subsequent investigations and post-investigation actions is to be treated confidentially and with utmost discretion in order to ensure *inter alia* the probity and confidentiality of any investigation, to maximize the prospect of recovery of funds, to ensure the safety and security of persons or assets, and to respect the due process rights of all involved. Any consideration of disclosure to third parties shall give consideration to these principles, in consultation with OIOS as appropriate.

Where OIOS informs UN Women of an investigation into allegations of fraud that are identifiable as allegations relating to any activities funded in whole or in part with specific financial contribution or to specific activities, UN Women may give consideration to the disclosure of information regarding the allegations to third parties, including to the funding source, with due regard to the principles in paragraph 5.7.3 above.

Any such disclosures further to paragraph 5.7.4 shall be made by the Director, IEAS, through the appropriate counter-part unit of the recipient of the information, which has appropriate mechanisms in place to ensure compliance with the principles in paragraph 5.7.3 above.

The report of the outcome of an investigation of any allegations of fraud and other misconduct is a confidential document which forms part of the United Nations archives; neither the report of the investigation, nor any summary of the report, will be disclosed unless it is in the context of a request for judicial cooperation and referral to national authorities. Any such requests for judicial cooperation shall be directed through the UN Women Legal Adviser at Headquarters, in consultation with the Office of Legal Affairs of the Secretariat, which has sole authority on behalf of the Secretary-General for determining such matters.

Other Provisions
