

Call for Proposals MALAWI

Call Opens:	28 Feb 2023
Deadline for Submissions:	07 April 2023
Send Application package to:	WPHFapplications@unwomen.org

1. Objectives and Purpose of the Call for Proposals

The overall purpose of this call for proposals is to provide grants to local women and young women's civil society organizations in Malawi focused on increasing the meaningful participation and decision-making of women in conflict prevention processes and response in conflict and humanitarian contexts.

The call for proposals specifically contributes to **WPHF Impact Area 2: Increased meaningful participation and decision-making of women in conflict prevention processes and response**. It is aligned with the overall goal of contributing to peaceful and gender equal societies and UN Resolution 1325 on women, peace and security.

2. Country Context

Malawi is ranked 169 on the HDR (2021-2022) as one of the Least Developed Countries. The country continues to face political and socio-economic vulnerabilities affecting its people. Some of these have become sources of internal conflict thereby disturbing peace of various communities. Some of these conflicts emanate from chieftaincy wrangles; witchcraft accusations; killings of Persons with Albinism; deteriorating rule of law; interfaith conflicts, just to mention a few. Gender inequalities persist in Malawi for reasons such as high illiteracy and negative social norms and practices, which have a negative impact on women's overall well-being and progress in the country. Malawi was in 2019 ranked 142/162 on the Gender Inequality Index, a reflection of high levels of inequality in women's empowerment, economic activities, and reproductive health. Currently, among decision makers, women comprise 40% of Cabinet Ministers, 21% of Members of Parliament whilst 14% are Councilors. The Public Service has 26% of women in decision-making level positions. More effort is needed to fulfill the 40/60 proportion of either sex on public appointments and recruitment as provided for in the Gender Equality Act (2013).

Notably, there are limited women-led structures or groups working on peace building and conflict prevention and resolution. Existing and active is largely within the faith domain i.e., the Women in Faith Peace Building Network. Other structures where women are participating on peace building and conflict prevention and resolution are the District Peace Committees. As provided for in the National Peace Policy (2017), women take part in the District Peace Committees that were established in the piloted 6 districts of Karonga, Kasungu, Mangochi, Machinga, Salima, Nkhatabay and Mulanje. The National Peace Policy espouses representation of the following in the District Peace Committees, 3 men, 3 women, 2 people with special needs and 1 youth.

Worth noting is that Government of Malawi has been progressive in ensuring an existing National Peace Architecture exists and catalyzes efforts towards systematic conflict prevention, resolution and Peace Building. Among others, the Government of Malawi adopted a National peace Policy in 2017; adopted a UNSCR 1325 National Action Plan in 2021 and has recently enacted the Malawi Peace and Unity Act (2022); established pilot District Peace Committees and these will be scaled up into all the districts including establishment of Malawi Peace and Unity Commission under the Malawi Peace and Unity Act

(2022). All these efforts demonstrate Governments political will to advance peace and unity in Malawi. Therefore, this This call for proposal, therefore, seeks to contribute to peace efforts in Malawi especially in line with UNSCR 1325 and Malawi Vision 2063. Therefore, for this CfP, special attention will be provided to applications supporting women and girls facing multiple and intersecting forms of discrimination, exclusion and inequalities such as those marginalized and farthest left behind due to poverty, ethnicity, disability, age, geography, migratory status, HIV status, among others.

3. Scope (Location and Duration)

About the Women's Peace and Humanitarian Fund (WPHF)

The WPHF is a global pooled funding mechanism which aims to stimulate a significant increase in financing for women's participation, leadership, and empowerment in peace and security processes and humanitarian response. The WPHF is a flexible and rapid financing mechanism. It supports quality interventions designed to enhance the capacity of local women to prevent conflict, respond to crises and emergencies, and seize key peacebuilding opportunities. The overall goal of the WPHF's theory of change is to contribute to **peaceful and gender equal societies**. Achievement of this goal will require that women are empowered to participate in, contribute to, and benefit from conflict prevention, crisis response, peacebuilding, and recovery. Since its launch in 2016, WPHF has been supporting over 450 civil society organizations and is present in 26 countries or group of countries.

The WPHF is governed by a Funding Board at the global level, which is comprised of four UN entities (currently UN Women, UNHCR, UNFPA and PBSO), four donor Member States (currently Norway, Germany, Italy and the United States), as well as 4 Civil Society Organizations (currently Feminist Humanitarian Network, Kvinna till Kvinna, Action Aid and Women's Refugee Commission).

At the country level, the final selection of shortlisted proposals will be undertaken by a National Steering Committee, which is comprised of UN agencies, civil society organizations, donor representatives and governments.
