

# UN WOMEN RESOURCES ON ENDING VIOLENCE AGAINST WOMEN AND GIRLS 2022-2024

From 2022 to 2024, UN Women has produced a wide range of knowledge products to advance efforts to end violence against women and girls. Covering crucial themes like data collection, prevention, response, and partnerships, these resources address key gaps and provide actionable guidance and tools for stakeholders.

This compilation highlights selected publications from UN Women during this period, offering insights into prevention, response, data and research, technology-facilitated gender-based violence, Leaving No One Behind, humanitarian response, femicide, support for migrant women, and cross-sector partnerships.

Explore the titles below for direct access to these essential resources.

## CRISES

COVID-19 and access to justice for victims and survivors of violence against women and girls in East and Southern Africa

How Development Actors Can Support Safe and Effective Response to GBV When Emergencies Occur
